

No matter what I've done, I keep getting spam faxes from Robert Battaglia. One of his phone numbers is 561/694-0478 and the fax came through for Mortgage Services, Inc. at 800-799-6013. He appears to be running a business using different phone numbers in Palm Beach County sending spam faxes. I want to make it stop since they come through at all hours.
